

Maximizing Employee Engagement

A Step-by-Step Guide to Recruiting, Developing and Retaining Talented Employees

A shortage of skilled workers is making talent management and succession planning a high priority in many organizations. This session helps organizational leaders and human resources professionals give their companies a competitive advantage in today's challenging economic conditions. The fun and interactive program allows participants to discover how to leverage employee engagement strategies that will improve productivity, enhance profitability, and allow the organization to meet its strategic objectives.

Jeff Toister introduces participants to the Employee Engagement Cycle in this presentation. This model will help you achieve the following results in our time together:

- Identify the value of a highly engaged workforce
- Identify your organization's engagement cycle
- Identify ways to improve employee engagement in your company
