

Sexual Harassment Awareness

Sexual Harassment Prevention Training

Overview

Compliance doesn't have to be boring! We offer sexual harassment training that is engaging, relevant, and fun! Your employees will love it because the class focuses on real-world situations. You'll love our class too because we incorporate your anti-harassment policy into the curriculum. This workshop meets all the requirements of California's law (AB 1825) and all our facilitators exceed the standards required for a qualified trainer.

Audience

Anyone who supervises others.

Format

The workshop is two hours long. It can be offered in a classroom setting or via web-conference.

Description

This workshop engages participants by focusing primarily on real workplace situations. Class discussions include appropriate workplace behavior, ways supervisors can prevent workplace harassment, and how to handle a harassment complaint. The following topics are covered:

- Reasons it is important to prevent sexual harassment
- The definition of sexual harassment (along with examples)
- Your company's sexual harassment policy
- The boundaries of appropriate workplace behavior
- The role of a supervisor in preventing sexual harassment
